

Photo consent form

Offer clear, separate choices about how event photographs and videos may be used.

Organiser to complete before asking

Organisation event and date

Purpose and description of photographs or video

Use period privacy notice link and withdrawal contact

Your choices

Please write Yes or No for each use. An unanswered choice does not give permission. You can attend without agreeing to optional publicity.

Organisation website Yes or No and named website

Printed newsletter or publicity Yes or No and publication

Social media Yes or No and named accounts

Permission

Person photographed name

Person giving permission name and authority if different

Signature or typed confirmation and date

Organiser record reference and any withdrawal date

Refusing optional publicity should not prevent attendance. Explain how to withdraw and any practical limits on recalling material already printed or shared. Consent for one use is not blanket permission for other uses.
